**Subject:** Meeting on Lyndhurst communications strategy

Dave,

It was very nice to meet you in person at last week's CAG meeting. As we discussed, Ray Germann and I would love to get together with you at your offices to discuss some communications ideas we had for keeping residents/property owners and other stakeholders aware of the work that will take place at River Mile 10.9 in Lyndhurst. Please let me know a few dates that would work for you in March to meet for about 2 hours.

Thanks very much.

Tony Bianchini
